WEBINAR 1

SERIES

Embracing Innovation
in Access to Information

21 NOV
2022

This session will focus on the **vital contribution and impact of AI innovations and data science** in implementing and promoting access to information in the Philippines.

As a vital milestone for the FOI Practice, discussions will revolve on the notable improvements on facilitating electronic requests through the significant developments of AI-based recommender system in the electronic FOI (eFOI) Portal which improves the identification of appropriate government offices.

WEBINAR **2** SERIES

Promoting Inclusivity through
Access to Information

22 NOV
2022

The FOI Practice strives to promote social inclusion across varied sectors. Through its institutional activities such as FOI Bridging Program and #InfoDataquest, FOI Philippines has engaged with multi-sectoral groups from the urban sector, Persons with Disabilities, Persons Deprived of Liberty, Women, Youth, Academe, Media and the general stakeholders in streamlining access to information and promoting their right to government information.

As FOI advocates and champions, this session will highlight the significant impact of FOI to the concerned sectors in advancing their advocacy agenda and will delve on their experience in championing FOI in their respective sectors.

WEBINAR SERIES 3

Enhancing the Enabling Policies
of Access to Information

23 NOV
2022

The FOI Philippines implements enabling policies for the improvement of efficient access to information mechanisms in the country. Two of these policies such as the FOI Memorandum Circular No. 4, s. 2019 or the Guidelines on Redaction and Extraction of Information before disclosure to the public and the FOI Memorandum Circular No. 21-05 - or the “No Wrong Door Policy” provide for an avenue to enable proper disclosure and usage of information of FOI implementers and users.

This session will stir the discussion on the assessment of the above said policies drawn from the first hand experience of select FOI Receiving Officers (implementer) and one of the CSO Partners of the FOI-PMO the Makati Business Club (MBC) (user).
